Work Experience: Schools Visual Art and Design   2018-present Design Teacher: Sarasota Military Academy Prep Sarasota, FL   Implemented (IB: MYP) International Baccalaureate Curriculum, which uses design challenges for students to apply practical and creative thinking skills through inquiry and analysis. The program encouraged students to explore the role of design in a historical and contemporary context. The program had a focus on the holistic design process that allowed students to consider their responsibilities when making design decisions and taking action.
